

# VERSOS & PATINHAS

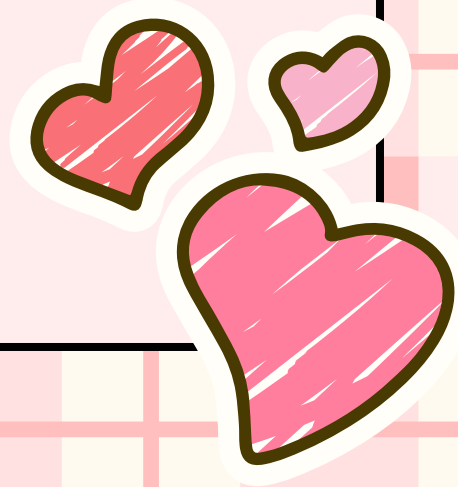

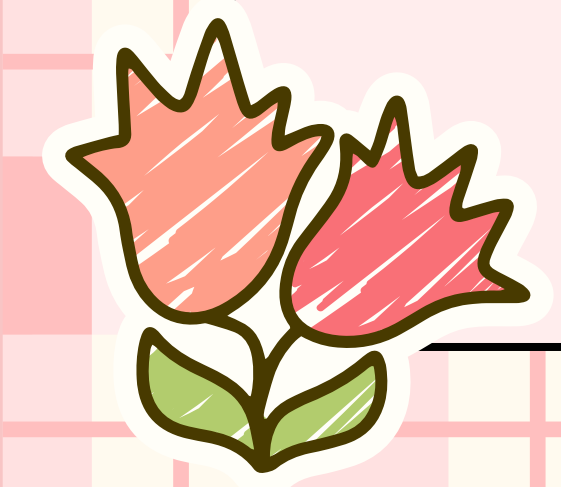

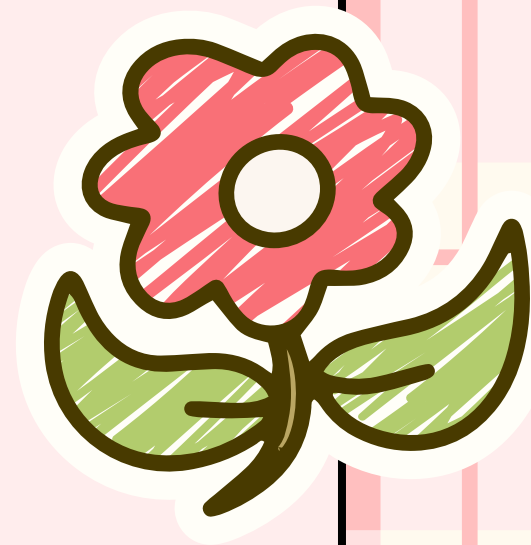

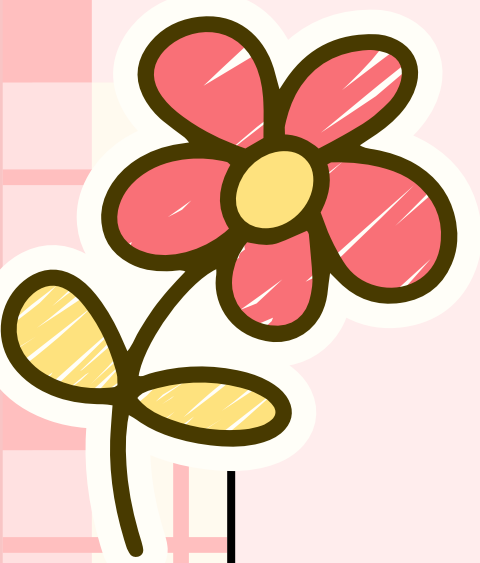

feito por Artur Raffael

# RESUMO

A ideia do projeto era criar uma rede social voltada apenas a poesias.

Onde seu perfil não contém informações suas, ao invés disso, tem apenas seu bichinho e o único meio de comunicação são as poesias escritas!

# MÓDULOS

01

Front End

03

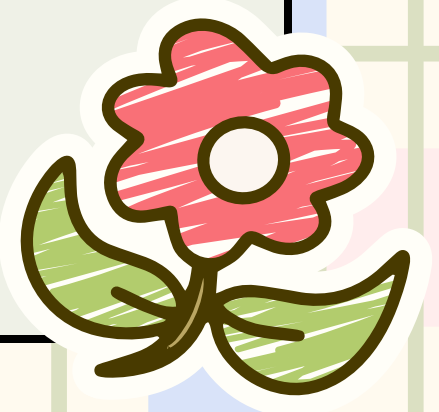

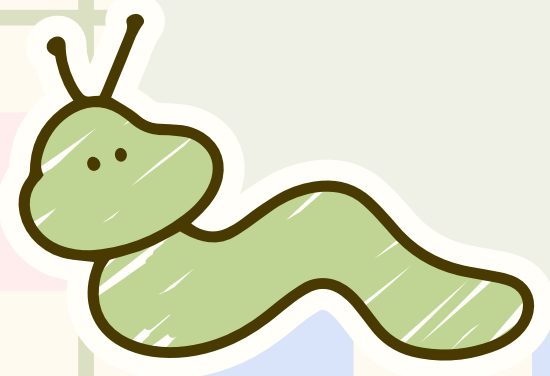

Sistema de Poesias (censurador de palavras feias)

02

Login e Registro (Firebase)

04

Perfil fofo

# FRONT END

- Python e HTML

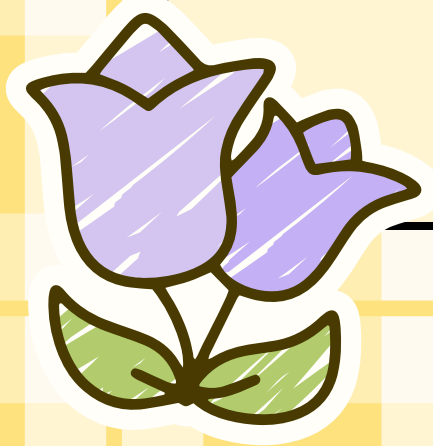

## Autenticação

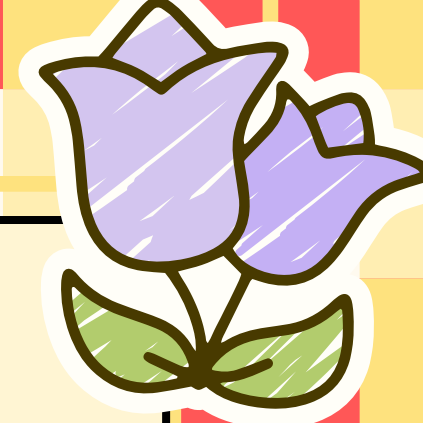

Email:

Senha:

[Não tem uma conta? Registre-se agora](#)

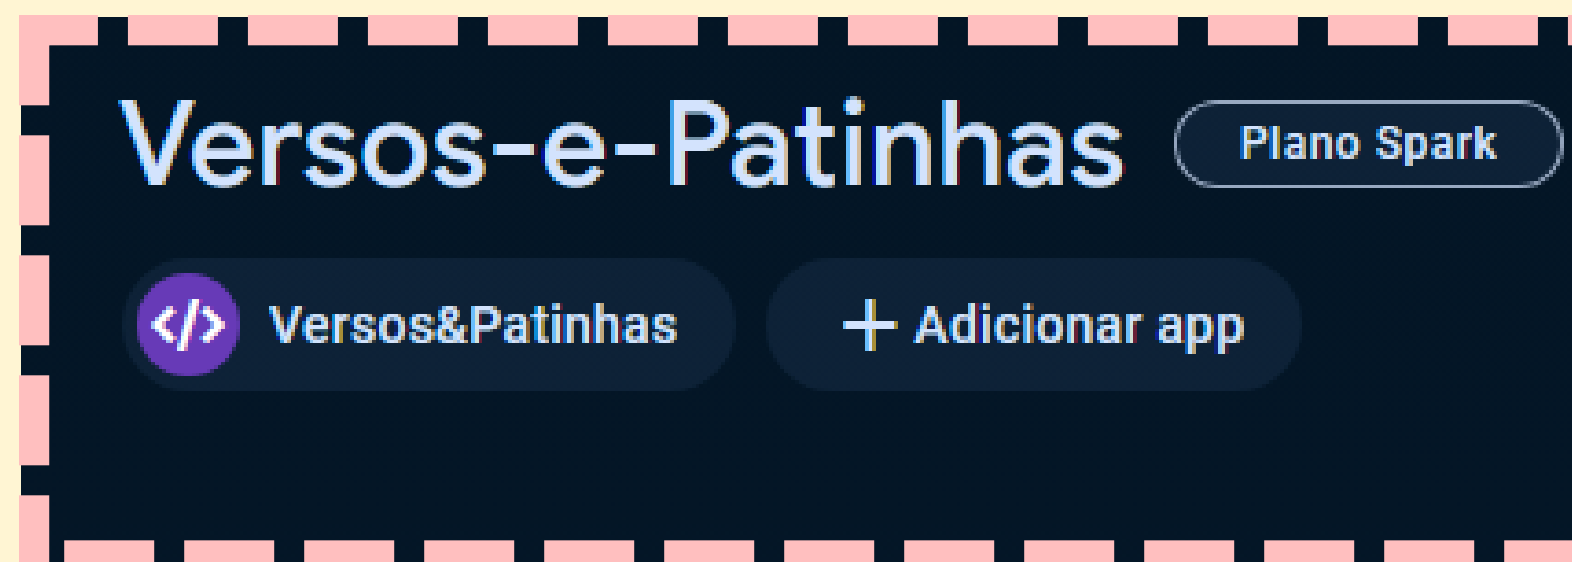

Enviar

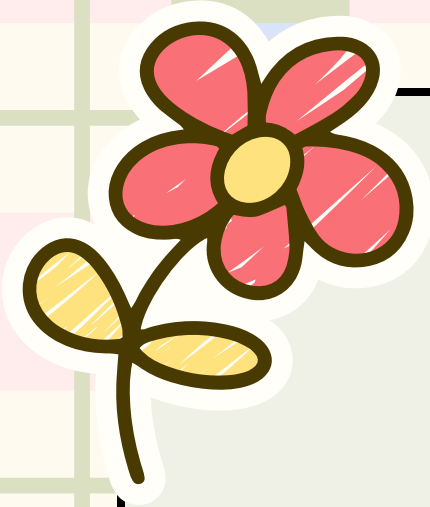

# LOGIN E REGISTRO

- Python e Firebase

# POESIAS

- JavaScript e Piiii API 🐒

Escreva seu poema abaixo 🐸:

Seja criativo e fofo!!!

Publicar poema!

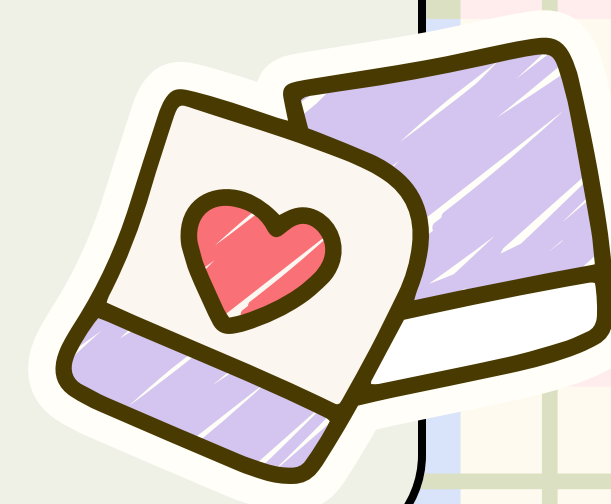

Tirar um poema da tela!!

Amo o amor

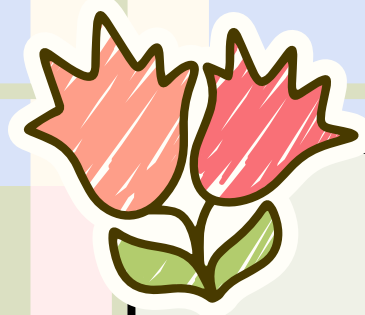

Natureza feliz

Ratinho dançando

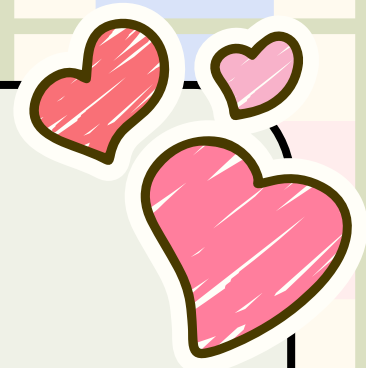

Pinguim com nariz

# EXEMPLO DE PERFIL

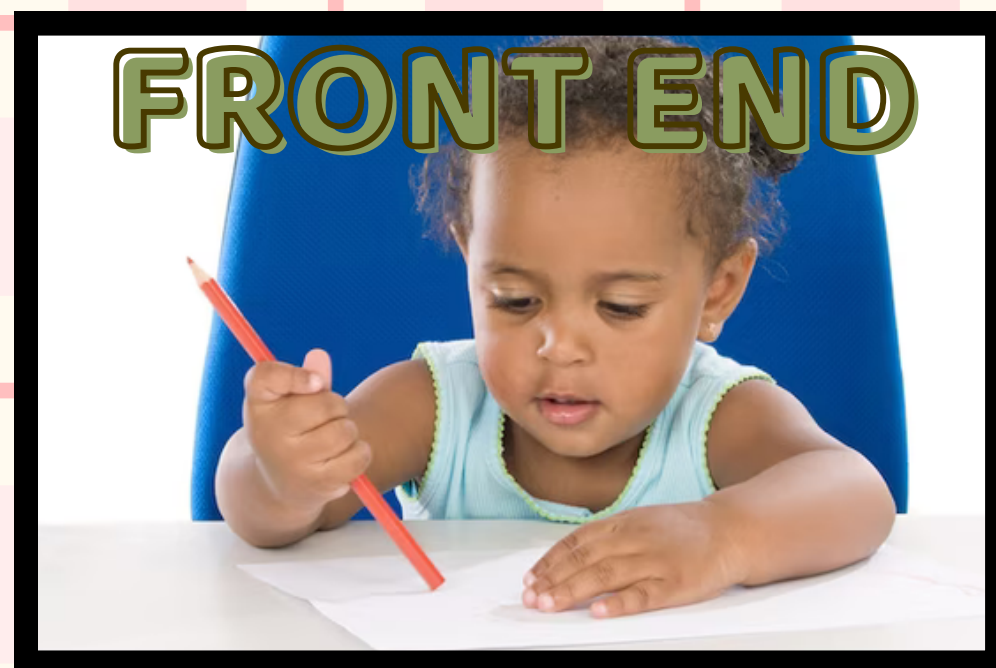

AARON LOEB

FOFUXO
